

# F50-531

## F5-Networks

*BIG-IP v10.x LTM Essentials V10.x*

Visit: <http://www.pass4sureofficial.com/exams.asp?examcode=F50-531>

*Pass4sureofficial.com is a reputable IT certification examination guide, study guides and audio exam provider, we not only ensure that you pass your F50-531 exam in first attempt, but also you can get a high score to acquire F5-Networks certification.*

*If you use pass4sureofficial F50-531 Certification questions and answers, you will experience actual F50-531 exam questions/answers. We know exactly what is needed and have all the exam preparation material required to pass the exam. Our F5-Networks exam prep covers over 95% of the questions and answers that may be appeared in your F50-531 exam. Every point from pass4sure F50-531 PDF, F50-531 review will help you take F5-Networks F50-531 exam much easier and become F5-Networks certified. All the Questions/Answers are taken from real exams.*

*Here's what you can expect from the Pass4sureOfficial F5-Networks F50-531 course:*

- \* Up-to-Date F5-Networks F50-531 questions taken from the real exam.*
- \* 100% correct F5-Networks F50-531 answers you simply can't find in other F50-531 courses.*
- \* All of our tests are easy to download. Your file will be saved as a F50-531 PDF.*
- \* F5-Networks F50-531 brain dump free content featuring the real F50-531 test questions.*

*F5-Networks F50-531 certification exam is of core importance both in your Professional life and F5-Networks certification path. With F5-Networks certification you can get a good job easily in the market and get on your path for success. Professionals who passed F5-Networks F50-531 exam training are an absolute favorite in the industry. You will pass F5-Networks F50-531 certification test and career opportunities will be open for you.*

**QUESTION: 1**

Which two statements are true concerning the default communication between a redundant pair of BIG-IP systems? (Choose two.)

- A. Connection mirroring data is shared through the serial fail-over cable unless network fail-over is enabled.
- B. Persistence mirroring data is shared via a TCP connection using port 1028.
- C. Connection mirroring data is shared via a TCP connection using port 1028.
- D. Synchronization occurs via a TCP connection using ports 683 and 684.

**Answer:** B, C

**QUESTION: 2**

Which must be sent to the license server to generate a new license?

- A. the system's base license
- B. the system's purchase order number
- C. the system's host name
- D. the system's dossier

**Answer:** D

**QUESTION: 3**

A site has six members in a pool. All of the servers have been designed, built, and configured with the same applications. It is known that each client's interactions vary significantly and can affect the performance of the servers. If traffic should be sent to all members on a regular basis, which load-balancing mode is most effective if the goal is to maintain a relatively even load across all servers?

- A. Ratio
- B. Observed
- C. Round Robin
- D. Priority

**Answer:** B

**QUESTION: 4**

What is the purpose of floating self-IP addresses?

- A. to define an address that grants administrative access to either system at any time
- B. to define an address that allows network devices to route traffic via a single IP address
- C. to define an address that gives network devices greater flexibility in choosing a path to forward traffic
- D. to define an address that allows either system to initiate communication at any time

**Answer: B**

**QUESTION: 5**

Which is an advantage of terminating SSL communication at the BIG-IP rather than the ultimate web server?

- A. Terminating SSL at the BIG-IP eliminates the need to purchase SSL certificates from a certificate authority.
- B. Terminating SSL at the BIG-IP eliminates the need to use SSL acceleration hardware anywhere in the network.
- C. Terminating SSL at the BIG-IP eliminates all un-encrypted traffic from the internal network. Terminating SSL at the BIG-IP eliminates all un-encrypted traffic from the internal network.
- D. Terminating SSL at the BIG-IP can eliminate SSL processing at the web servers.

**Answer: D**

**QUESTION: 6**

When network fail-over is enabled, which of the following is true?

- A. A network failure will not cause a fail-over as long as there is a voltage across the fail-over cable.
- B. Either a network failure or loss of voltage across the fail-over cable will cause a fail-over.
- C. The presence or absence of voltage over the fail-over cable takes precedence over network fail-over.
- D. The fail-over cable status is ignored. Fail-over is determined by the network status only.

## Pass4SureOfficial.com Lifetime Membership Features;

- Pass4SureOfficial Lifetime Membership Package includes over **2500** Exams.
- **All** exams Questions and Answers are included in package.
- **All** Audio Guides are included **free** in package.
- **All** Study Guides are included **free** in package.
- **Lifetime** login access.
- Unlimited download, no account expiry, no hidden charges, just one time \$99 payment.
- **Free updates** for Lifetime.
- **Free Download Access** to All new exams added in future.
- Accurate answers with explanations (If applicable).
- Verified answers researched by industry experts.
- Study Material **updated** on regular basis.
- Questions, Answers and Study Guides are downloadable in **PDF** format.
- Audio Exams are downloadable in **MP3** format.
- **No authorization** code required to open exam.
- **Portable** anywhere.
- 100% success **Guarantee**.
- **Fast**, helpful support 24x7.
