Answer: D

QUESTION: 4

Company Background
provides managed services to medium—sized companies. Contuse has one office located in Seattle. The company has 100 full—time employees.
Existing Environment
Existing Licensing Solution
Contuse purchases OEM licenses for operating systems and uses an Open License agreement to purchase licenses for Microsoft Office.
Business Requirements
Planned Changes
Contuse expects to hire an additional 150 full—time employees this year. The company hires additional temporary employees for large projects. The company leases desktops for each temporary employee. The desktops are returned at the end of the project. In the next six months, Contuse plans to upgrade its servers from Windows Server 2003 to Windows Server 2008. Contuse plans to add an additional physical server that runs Windows Server 2008 and Hyper—V. The new physical server will host four virtual instances. The four virtual instances will also run Windows Server 2008.
Problem Statements
Contuse has difficulty tracking license purchases because a new license authorization number is opened for each new purchase.
Business Goals
Contuse has the following business goals:
Standardize the desktop applications across the organization
Use single product key for the installation of desktop applications
Allow internal users to access internal company documents by using a Web browser
Allow all users to create forms by using Microsoft Office InfoPath
Store all forms in a central repository
Minimize the upfront costs of upgrading software
Provide a flexible licensing strategy that supports the fluctuating number of employees.
Put in place long—term budget planning, while maintaining access to the latest versions of Microsoft software.
You need to identify the Volume Licensing rights that meet the company’s business goals for installing desktop applications. Which rights should you identify?
A. Downgrade Rights
B. Re-imaging Rights
C. Work at Home Rights
D. Cross-Language Rights

Answer: B

QUESTION: 5
